

# Where on Earth are we going?

## And what can we do about it?

These are two of the questions that are at the heart of the **Awakening the Dreamer, Changing the Dream Symposium**.

The Symposium is a profound inquiry into a bold vision: to bring forth an **environmentally sustainable, spiritually fulfilling, and socially just** human presence on Earth.

If you are ready to explore what this vision means for you, and the opportunity to create an inspiring future, we invite you to attend.

*"I was not expecting the effect this symposium had on me. I expected to be engaged and interested, but today I feel as if my life is on a different course than it was on Saturday. This affected me profoundly."*
