

CLOSE ENCOUNTERS GROWTH MATERIALS

ORDER FORM

The **Close Encounters Project** is an initiative by a group of Unitarian congregations to promote growth by increasing the awareness of our congregations and of Unitarian*Universalism in general.

The project has created a **Visual Identity System** to "brand" promotional activities in a professional and consistent manner beyond the scope of individual congregations, and a set of **informational and promotional items** to give to visitors and potential new members.

Full information about the project and a complete description of the items available are available at www.unitarian.ca/gta. Every congregation has been provided with samples of each item. Please check with your Growth/Publicity committee before ordering.

Please place your order with **Donna Halliday** (donnahalliday_1@hotmail.com) either directly, or via our website at www.unitarian.ca/gta.
